

Philanthropies

Future Ready Youth

Yvonne Thomas

Director, Global Programs, Microsoft Philanthropies

Microsoft's mission

Empower every person and every organization on the planet to achieve more.

We must move
technology
forward,
without leaving
anyone behind

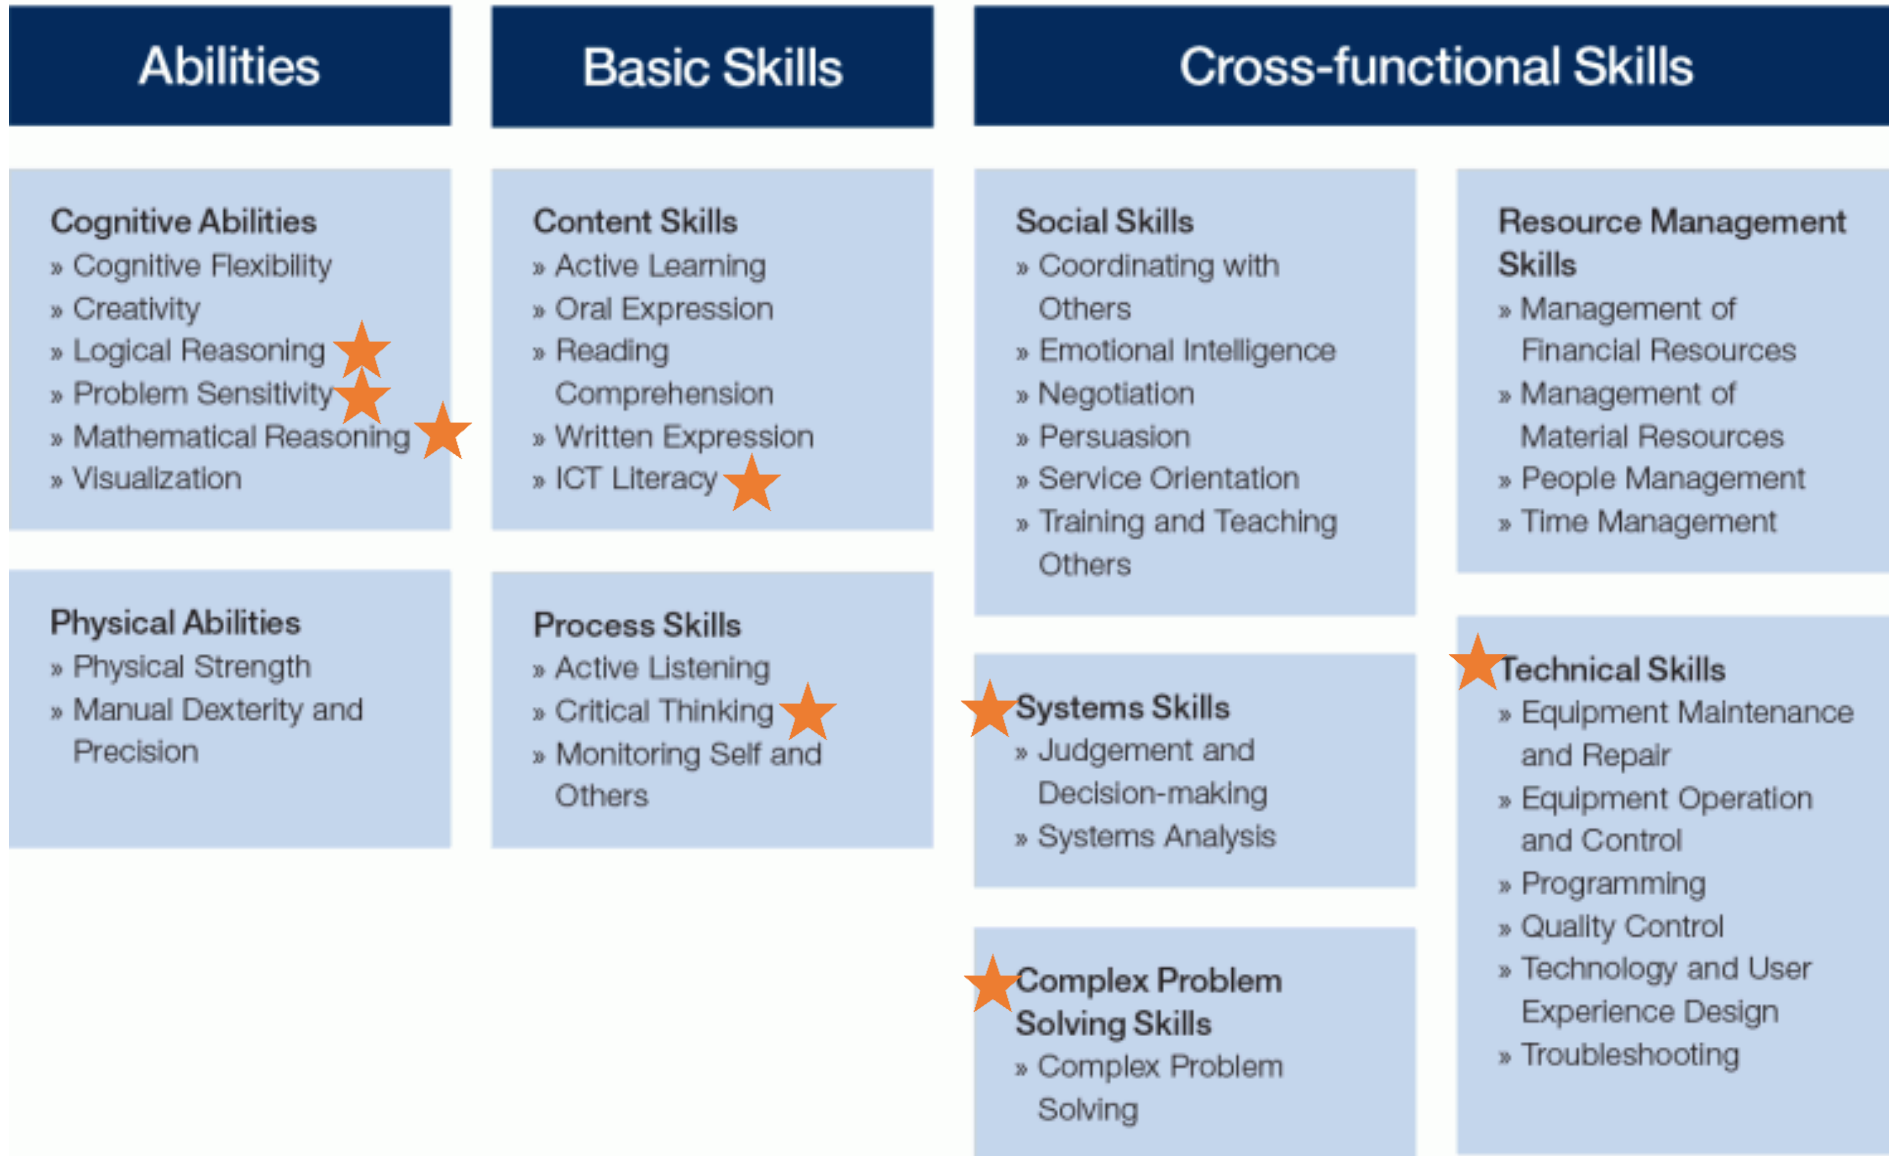

Our Digital Skills Aspiration:

Equip All Youth to
be Future Ready

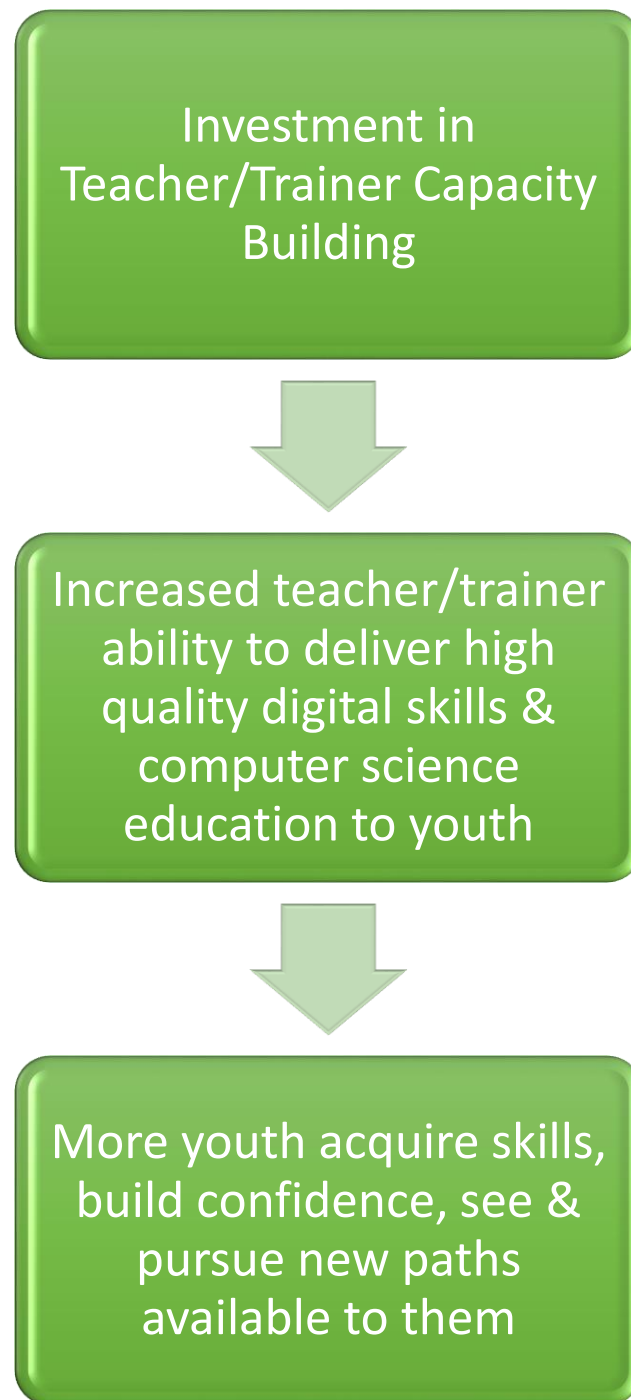

Figure 9: Core work-related skills

Source: World Economic Forum, based on O*NET Content Model.
Note: See Appendix A for further details.

Worldwide, employers require digital skills, computer science education across industries, sectors and roles

Our Theory of Change

How We're Investing

1. Build the capacity of youth serving organizations to provide youth with high quality in-demand digital skills and computer science education with a priority focus on underserved communities.
2. Bring digital skills to every young person through long-term systemic change
3. Generate demand, build understanding, excitement and awareness

Partnership & collaboration
